Hello and Welcome

Thank you for considering me to be a part of your incredible love story! Capturing those precious, heartfelt moments is my passion, and I can't wait to help you create timeless memories that you'll cherish forever.

As a wedding photographer, my style is all about balance—blending vibrant tones with a soft, romantic ambiance to ensure every image feels personal and authentic. “Timelessly elegant, emotionally resonant, and beautifully natural wedding photography” is not just a tagline—it's the heart of what I do.

My journey as a photographer began during my university years, working with traditional film cameras and developing images in the darkroom. The magic of bringing a vision to

life on paper ignited a love for storytelling through the lens. In 2016, I decided to transform my passion into a career, inspired by the beauty of the world around me—its cultures, landscapes, and unforgettable moments.

Today, I am here to capture your love story with artistry, authenticity, and care. Whether it's the quiet emotions, the joyful laughter, or the tiniest details that make your day unique, I'll be there to preserve it all. Together, we'll create a visual narrative as vibrant and unforgettable as your love.

It's all about YOU and Your Story.

I'm truly passionate about capturing the genuine connections between you and your loved ones—those raw, unposed moments that make your day uniquely yours. It's what makes my heart sing and drives everything I do.

On your big day, I'm there to quietly observe and capture all the special, emotional moments as they happen, blending in without interrupting the flow. I love seeing couples like you celebrating with joy and authenticity, and it's my privilege to help preserve those memories in a way that feels real and natural.

“My goal is simple: to document the candid moments that show the true essence of your love.”

Me as Your Wedding Photographer

“Every couple has a unique love story”

When you choose me as your wedding photographer, you’re getting someone who cares deeply about your day—just as much as you do. I understand how much thought goes into every detail, from the flowers to the décor, and I’m here to capture it all in a way that reflects your story.

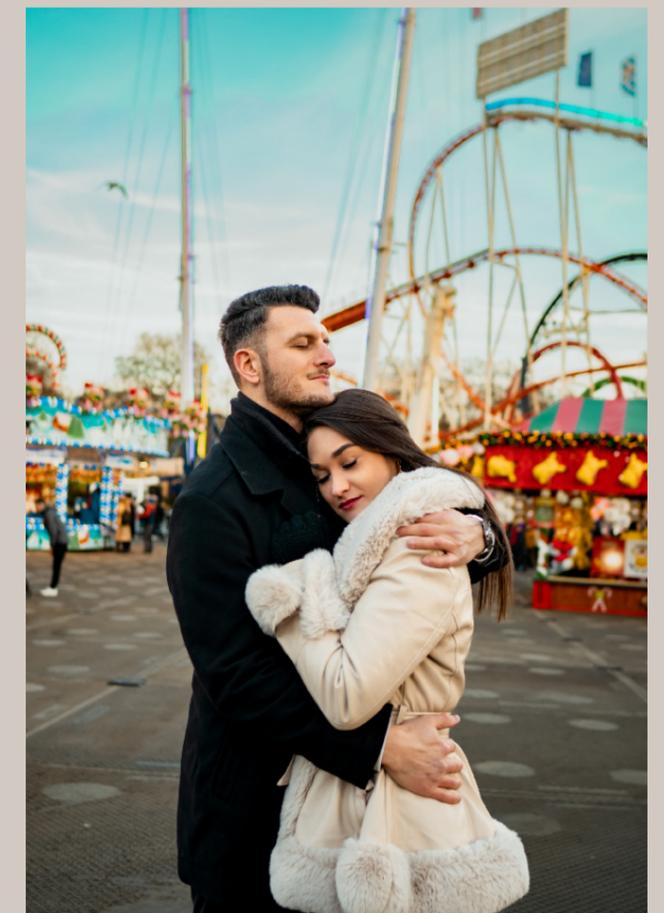

My approach goes beyond just creating beautiful images. I aim to preserve the raw, unposed moments that truly matter—the laughter, the tears, the anticipation, and that magical moment when you say “I do.” My goal is to give you something meaningful that you’ll treasure forever, a collection of

memories that resonate with you every time you look back.

We’ll still get a few classic posed shots, especially with family, but what I truly focus on is capturing the genuine, candid moments that tell your unique story. Authenticity and emotion are at the heart of my work, from stunning close-ups to wide shots that showcase every beautiful detail of your day. A treasure trove of memories that will make your heart skip a beat every time you revisit them.

You won’t be disappointed choosing me as your wedding photographer—my versatility ensures that whether it’s the natural beauty of an outdoor setting or the drama of an indoor space, your photos will capture every moment perfectly, no matter the style or setting.

Is the experience worth your investment?

Absolutely! My approach is simple, relaxed, and completely pressure-free. No stiff poses—just you and your loved one, enjoying the day and each other’s company. I’m here to capture the natural, candid moments as they unfold, so you can savor every second.

I don’t just take pictures—I freeze memories. I’m here to capture the genuine love and special connections between you, your partner, and your loved ones. From the anticipation of the day to the emotional vows, the laughter, the joyful tears, and even the scent of your bouquet and taste of the champagne—I want you to relive it all every time you look at your photos.

With my friendly, easygoing style, I’ll create a wedding gallery that not only shows the beauty of your day but makes you feel the love and joy all over again. Let’s create something unforgettable that you’ll cherish forever.

What sets us apart?

I crave to create those jaw-dropping shots that truly reflect your unique day! With a keen eye for detail and a versatile approach, I thrive in any lighting situation—whether it’s bright sunlight or a more intimate indoor setting, I’ll make sure you shine without a worry in the world. From your first consultation to the final edited images, I take care of every detail, crafting a color palette that’s uniquely yours, so your photos feel just as special as your day. No mass production here—just authentic, vibrant images that will leave you in awe.

I’ve heard stories of couples regretting their photographer choice, only to end up with a handful of photos they’re happy with. I don’t want that to be your story. I know how much effort you’ve put into making every detail of your wedding perfect, and my goal is to capture it all in a way that truly reflects the beauty of your love and your day. With me, you’re getting more than just photos—you’re getting a collection of memories that will last a lifetime.

I COULDN'T SAY ENOUGH OF HER PROFESSIONALISM AND GREAT EYE FOR DETAIL

"I would highly recommend PKay Bridal photography. Kay made our wedding day just perfect. Starting from my wedding makeup, and hairstyle to our wedding photography. I couldn't say enough of her professionalism and great eye to the detail. Kay is very creative and helpful, she simply loves what she is doing. I can't thank her enough to make our day amazing memories ☐"

WHERE DO I START? KAY IS SIMPLY AMAZING!

"Amazing Kay came over to Iceland to do an incredibly beautiful photoshoot with me and my fiancé. She also did my hair and makeup. I love her work - pictures are so beautiful and I also love her energy and professionalism. All the way she supported me in looking and feeling beautiful! Thank you, Kay! I hope to work with you again in the future"

Valeries + Maksim

EVERYTHING SHE DOES SHE DOES WITH A PASSION, SHE IS HIGHLY SKILLED AND CREATIVE AND CLEARLY LOVES WHAT SHE DOES

"Kay is amazing! Everything she does she does with a passion, she is highly skilled and creative and clearly loves what she does.

My bridal hair and make up was just perfection and I felt just magical on our big day! She also photographed our wedding and we are beyond happy with the sneak peek that we've seen! Kay is also rather a lovely person who puts you at total ease with her bubbly, calm manner. Thank you"

Sarah + Ben

SHE IS VERY PROFESSIONAL, BUT IS SO ATTENTIVE THAT SHE MAKES YOU FEEL LIKE YOU COME FIRST, LIKE THIS ISN'T ONLY A JOB TO HER BUT A TRUE PASSION

"I chose PKay Bridal for the photography of my wedding and from start to finish I couldn't be happier with the service we have received. From the outset Kay was very open, bubbly and attentive. I would definitely recommend engagement shoot before your wedding day, especially if you are a little shy or unfamiliar in front of the camera. Kay is very friendly and down to earth and immediately put us at ease. Kay made myself and my fiancé feel much more informed and relaxed ahead of our big day, this coupled with the beautiful photographs taken just make the experience so worth it.

The wedding day itself was incredible. She is very professional, but is so attentive that she makes you feel like you come first, like this isn't only a job to her but a true passion. This is further exemplified in her talent and creativity when shooting, it's as if nothing is too much trouble for her in the pursuit of getting those perfect shots. I truly could not have imagined we would get such stunning photographs from our day (which surely was not the norm in the middle of a field surrounded by sheep). But we now have photos that ourselves and our families will treasure always.

I would highly recommend Kay and her team and wouldn't hesitate to use her in the future."

Chloe + Nabeel

WHERE DO I START? KAY IS SIMPLY AMAZING!

"Where do I start? Kay is simply amazing! She and her team did my hair and make-up on my wedding day as well as the photos. She was so very helpful in the morning when we were getting ready, I can't thank her enough for that. Then she awaited my arrival at our wedding venue and photographed the day together with her husband. They were amazing, part of the family! Everyone got on with them. We are so grateful. Thank you so much Kay xx
